POLARIS
HEALTHCARE & REHABILITATION CENTER
AT THE MILFORD WELLNESS VILLAGE

Current Visitation Guidance:

- You will still need to complete a screening process upon entering the building. If you have any symptoms suggestive of COVID-19, or have a history within the last 14 days suggestive of COVID-19 exposure you will be directed to leave the facility and follow up with your personal physician.
- You no longer need to pre-schedule your visit.
- There is no limit on the time, duration or frequency of visits.
- Polaris will limit the number of simultaneous visitors in a room based on how many can be reasonably accommodated while maintaining 6 feet of social distancing.
- You may choose to visit a family member who is in isolation or quarantine for COVID-19, or during a facility COVID-19 outbreak. However please realize that visiting during these circumstances may result in your exposure to COVID-19 and illness and therefore the inability to visit again for 10 or more days. If you choose to visit a resident in isolation/quarantine or during an outbreak you will be asked to sign an acknowledgement of the risks.
- Currently regardless of your vaccination status you must wear a face mask continuously, while in the building.
- While visiting you will need to go directly to either your loved one's room or another designated visitation area in the facility.
- You are to maintain 6 feet of social distance from all other residents and staff including your family member's roommate, if applicable. Casual passing in a hallway within 6 feet of another individual is allowed.
- If your family member has a roommate, the curtain will be pulled during your visit, to create a barrier to limit the roommate's potential exposure to any COVID-19 infection. You will need to stay on your family member's side of the curtain.

We know that these are challenging times and you want nothing more than to spend time with your family member while keeping them safe and healthy. We thank you in advance for your cooperation with these guidelines. As always, we will keep you updated as things change. Feel free to contact Polaris Healthcare & Rehabilitation Center at (302) 503-7650 with any questions you may have on these visitation guidelines.
